

24H SERIES 2025

Series Bulletin to Technical Regulations Nr. 04/2025

Dated: 27 May 2025

To Technical Regulations 24H SERIES 2025
(version 21 June 2024 with KNAF-permit No.: 0314.25.002)

This Series Bulletin is in force per 1 July 2025.

Subject:

LUMIRANK RGB tyre change light

Referring to Chapter I, art. 5.4. LUMIRANK display and STS Driver Information Display

The below article is added:

5.4.4 LUMIRANK RGB tyre change light

Each Car must be fitted with a tyre change (RGB) light. The RGB light and corresponding mounting instructions are provided by the Promoter at each Event. The rental of the RGB light is included in the entry fee, and a deposit must be paid. Any damage or required cleaning of the RGB light must be covered by the competitor.

The RGB light shows a red or green light when the Car is in pit lane depending on the stint length for the current Driver according to art. 11.1 and art. 11.2 of the Sporting Regulations. If the stint length is less than 50 minutes, the light shows red and tyre changes are not permitted for the specific, according to Series Bulletin to Sporting Regulations no. 03/2025. If the stint length is more than 50 minutes, the light shows green and tyre changes are permitted for the specific Car and pit stop.

The RGB light must be mounted at the top of the windshield, in between the LUMIRANK display and the centre line of the Car. The RGB light may not be covered by the upper windscreen streamer.
