2.3.3 Races

All competitors must be ready to take their car to the track 15 minutes prior to the start of the race. Competitors arriving after this time may be ordered to start from the back of the grid.

And also 15 minutes before the indicated start time per session, the spotter must switch on the radio receiver and listen to any announcements from the race director. Our advice to the spotter is to go directly to the spotter's location at this time, because if the spotter is not present at the spotter's location, the car will not be allowed to enter the circuit.

Measures related to Covid-19

- Everyone keeps a distance of 1.5 meters from each other
- If you have complaints such as coughing, sore throat or fever, stay at home!
- The temperature of every visitor / driver is measured before entry. When elevated, you are not allowed on the site.
- Desinfection material is available at various places on the circuit. Make use of this.
- Everyone should sit down as much as possible. Every entrance band gives free access to the stands! Pass this on to your guests.
- Registration by driver is already done in advance (before July 24). At gate 1 you can pay and collect the registration fee and the ordered entrance tickets. So not in the Welcome Center! Each driver may order a maximum of 10 entrance tickets. Because it is not yet clear whether tickets can still be sold at the box office.
- It is not possible to pay with a card on the circuit! Keep this in mind.

- Wearing a mouth mask is mandatory in the stands during transfers! It is also recommended to wear a face mask on the circuit outside the stands, but this is not mandatory. Mouth masks are available at the entrance. Costs of the mask below are € 5. You can of course also provide your own mouth mask.
- Mechanics and driver receive a different Entrance band! Mechanics are required to wear face masks while tinkering / performing work on the car. Each driver receives 2 tickets for the mechanics.
- You have been able to order extra tickets for your guests. Request your guests to contact you (or someone on your team) to deliver the tickets to them at the entrance gate.
- Your guests have access to the stands with their entrance ticket. Due to the corona measures, they should take place in the stands as much as possible and do not stand along the track!
- Due to the high costs and the limitation on the number of visitors, there is unfortunately no prize money to be distributed. Also, no travel costs are provided. For the first 3 drivers of the day classification of each class there is of course a cup and beautiful bunch of flowers.
- No flowers are awarded to the drivers after each race, nor is there any lap of honor.
- After the final races, the cups and flowers will be awarded to the first 3 of the day classification immediately on the track. The first 3 drivers take place on the podium car that is already ready in front of the main grandstand on the long track!
- It concerns a day classification, the points do not count for anything else! V8 Oval Series driving for Dutch championship.
- Transponders can be rented from the competition management (Bart Loonen), not in the Welcome Center.
