- Additions are printed in '**Bold**' and '*Italics*'.

Approved by KNAF

permit: 0323.22.204

date: 3<sup>rd</sup> May 2022

### Technical Regulations 2022

#### 7.1. Advertising

The use of advertisements for companies in the tobacco and sex industry, or political or religious advertising, or private betting and gambling operators on vehicles, helmets, race suits and other driver equipment, on team vehicles or on team clothing or any kind of advertising for these companies, products or services or anything that may be deemed by Porsche AG to bring the Series into disrepute is strictly prohibited. ***Only exception on this is for private betting and gambling operators which do respect the general marketing guidelines for responsible gaming as per national legislations.***

#### 16. Seals

All competing vehicles must have the factory seals from Porsche AG or PCCB seals mounted on the engine and ECU. If seals and marks are applied to the vehicle by the Technical Scrutineers, Porsche AG or the PCCB, these must not be damaged, changed or reproduced. If one or more damaged or missing seals or markings are discovered, the Stewards will decide the final penalty for this infringement.

The following engine seals are affix at the works:

- Valve cover, left (1x)
- Valve cover, right (1x)
- Oilpump bottom (1x)
- Engine control unit (ECU): Connector for control unit wiring harness ~~(2x)~~ (at least 1x)

#### 23.7.6. Free Practice

For the free practice session of the initial event of the respective driver of the Series it is permitted to use ~~unmarked slick tyres~~ **one set of new tyres and two sets of used tyres** of the aforementioned specification. **Only the new set must be purchased from the official supplier. All tyres must be marked.** From the second event onwards, it is only permitted to use marked slick tyres for the free practice session with the same competition number from a previous Porsche Carrera Cup Benelux 2022 race event. Substitute entries must use the tyres marked for the competition number they are replacing.

## Sporting Regulations 2022

### 12.4 Races

If a car stops during the race, it must be removed from the track as quickly as possible so that its presence does not constitute a danger or hinder other competitors. ~~If the Driver is unable to drive the Car from a dangerous position, it shall be the duty of the Marshals to assist him. He may also be moved with help other than that of the Marshals (i.e. any equipment, e.g. tractor, etc.) and re-join the Race. The assistance of the Marshals and their equipment may not be used to start the engine (e.g. 'Bump Starting') under penalty of disqualification.~~

**If the driver is able to restart and to drive the car from a dangerous position under his own power and without any technical help from the Marshals, he may rejoin the race. If not, the car will be removed from the track by the Marshals.**

### 12.10 Aborting or stopping the Race

The delay will be kept as short as possible. As soon as a resumption time is known, all Teams will be informed via the Official messaging system. In all cases, a 10 minutes warning will be given. The Starting Countdown Procedure - in accordance with article 12.7 of the present Regulation - will start precisely 5 minutes after the moment the 10 minutes warning has been given. **At the drivers briefing of each event the race director will specify the exact time signal when he could allow any cars between the Safety Car and the leader to leave the Pit Lane, under the instructions of the Marshals, complete a further lap without overtaking, enter the Pit Lane and then join the line of cars behind the Safety Car.**
