1. INTRODUCTION

The Porsche Sprint Challenge Benelux (PSCB) is a series where we focus on the gentlemen Driver and beginning racing Drivers coming from track days. The series has a Benelux Zone status and gives the opportunity to the Competitors to compete with Porsche 911 GT3 Cup and Porsche Cayman GT4 Clubsport models built in the years as specified in the Technical regulations.

The Porsche Sprint Challenge Benelux is organised in accordance with the provisions of the International Sporting Code and its appendices (the Code), the FIA General Prescriptions on circuits and the National Sporting Regulations of the KNAF. It will be run in conformity with the Series Sporting and Technical Regulations, the latter being in conformity with the safety prescriptions of FIA Appendix J (Article 277), the code of driving conduct on circuits of FIA Appendix L (Chapter IV) and the general prescriptions on signalling of FIA Appendix H (Article 2.5).

The Porsche Sprint Challenge Benelux 2022 consists of 5 Events of 2 races each, 10 races in total. The competitions will be run according to the KNAF Reglementen Boek 2022, Autorensport Reglement Nationaal 2022, Benelux Zone Reglement and General Regulations for Series Run on Circuits, and these regulations the 'Porsche Sprint Challenge Benelux' will be referred with the abbreviation 'PSCB'.

The series is supported by the following companies:

Michelin

2. ACCEPTANCE OF THE REGULATIONS

With the signature on the "Application for Permanent Entry" or the "Application for Guest Entry" each Entrant and Driver of the PSCB confirms the acceptance of these Regulations as a whole, including the KNAF provisions and the FIA International Sporting Code and appendices. The Entrant and Drivers are responsible that all persons connected to their entry will observe and follow the conditions and rules of these Regulations.

If required during the season, the PSCB Regulations and the corresponding rules of participation can be supplemented and/or changed, after obtaining authorisation by the KNAF. This information is to be provided in writing, for example in a Series- or Event bulletin(s) and published on the website of the KNAF.

3. ORGANISATION

3.1. Series Organiser

Cup Challenge Benelux B.V., hereinafter called the Series organiser, is hosting the PSCB for 2022.

Cup Challenge Benelux B.V.

Robert Schumandomein 2

6229 ES MAASTRICHT

The Netherlands

Contact:

Mr. Lars PLATO

Series Manager

E-mail: lars.plato@drivingforce.be

3.2. Name of the parent ASN

KNAF – Knac Nationale Autosport Federatie

3.3. ASN Permit/Registration Number

The Series based on these Sporting and Technical Regulations has been approved by the KNAF on the date with permit number indicated in the footnote of this document.

3.4. List of Permanent Officials (see also relevant Supplementary Regulations for each Event)

Mr. Pascal Nelissen Grade

Sporting Delegate

(RACB2283)

3.4.1. The Organising Committee for the PSCB at each Series Event:

(Unless amended in the relevant Event Supplementary Regulations)

Lars Plato,	Series Manager – Cup Challenge Benelux BV
Olivier Aerts,	Sales – Cup Challenge Benelux BV
TBD,	Technical Manager – Cup Challenge Benelux BV
Dominik Quosdorf,	Technical Support Delegate – Dr. Ing. h.c. F. Porsche AG

Members of the Organising Committee may delegate functions and responsibilities where appropriate to other employees of Dr. Ing. h.c. F. Porsche AG and Cup Challenge Benelux BV, both companies may nominate additional members of the Organising Committee where necessary.

The address of the Organising Committee is that of the Series Organiser (see article 3.1).

4. REGULATIONS AND LEGAL BASIS OF THE SERIES

The Series is governed by the following regulations and documents:

- FIA International Sporting Code (ISC) and its appendices
- FIA General Prescriptions on circuits
- KNAF Reglementen Boek 2022
- Benelux Zone Regulations 2021
- These Sporting and Technical Regulations of this Series and the KNAF approved modifications and supplements (Series- or Event bulletins)
- Supplementary Regulations
- The "Application for Entry" or the "Application for Guest Entry" signed by the Entrant/Driver
- Drivers Briefing and Briefing notes

5. OFFICIAL LANGUAGE

Only the English text approved by the KNAF is binding. In case of interpretation, the KNAF jurisdiction is the responsible authority.

6. RESPONSIBILITY, CHANGES TO THE RULES OF PARTICIPATION, CANCELLATION OF THE EVENT

- (1) The participants (Competitors, team members, Drivers, passengers, vehicle owners and registered keepers) take part in the Event at their own risk. They are solely responsible under civil and criminal law for any and all damage caused by them – or for damage to the Cars used by them, as far as no exclusion of liability has been concluded. It is recommended that the participants take out an insurance for any and all damage caused by them.
- (2) The Supplementary Regulations may only be changed by the KNAF. Once the Event starts, changes in the form of Series or Event bulletins may only be made by the Stewards of the Event.
- (3) The Series organiser reserve the right to cancel, change or relocate the Event or individual race(s), subject to approval by the KNAF concerned and the FIA where the calendar is affected. Claims for damages or performance shall be excluded in such cases.

7. GENERAL DEFINITIONS AND PSCB CODE OF BEHAVIOUR

The PSCB is a racing series characterised by equality of opportunity and fairness – in both technical and sporting terms. Those involved in the PSCB (participants, i. e. teams with all employees and team members, Drivers, officials, organisation) make a significant contribution to how the Series is perceived – both internally and by the general public – and to the atmosphere in the PSCB through their conduct and their communication.

All those involved are responsible for conducting themselves in such a way as to uphold and safeguard in the long term the professionalism that prevails in the PSCB, as well as the esteem in which the Series and its participants are held by the general public. Moreover, fair and sporting competition represents an important

safety aspect for all participants and is intended to avoid risk factors. For this reason, all those involved agree to acknowledge the philosophy of the PSCB and to comply with the rules of conduct of the Series.

Both on and also adjacent to the racetrack, all those involved will;

- treat the other participants, officials and organisers respectfully;
- follow the rules of the sport, and exemplify and promote fairness and the rules of conduct;
- neither express themselves or behave in an insulting, offensive or abusive way, nor tolerate such expressions or modes of conduct, either in direct conversations, interviews, etc. or in other communication, e. g. press releases, posts in social media, etc.
- always behave in the interests of safety and permanently cooperate in efforts to reduce risks,
- use resources in a sustainable way, giving priority to the well-being, safety and satisfaction of others before their own personal goal;
- always comply with the purpose of the sport;
- point out to other people who are involved if their conduct is not characterised by fairness, sportsmanship, respect and tolerance;
- cooperate with all other persons involved to develop and improve the Series and its status further on a continuous basis;
- Respect the laws and local customs in the countries visited by the Series.

Participants who are found to have committed one or more of the following may be excluded by the Series Organiser from the Series or may be suspended by the Stewards of the Event from taking part in one or more competitions. No reclaim of any Entry fees that have already been paid to the Series Organiser can be (re)claimed.

- failed to comply with the rules of good conduct;
- breached any of the Regulations;
- drew attention to themselves through unsporting behaviour on and adjacent to the Track;
- expressed or conducted themselves in a disrespectful way towards other participants, officials, organisers, etc.;
- ignored the specifications, instructions, meetings of the Series Organisation and/or other official bodies in the context of the Organisation and holding of an Event;
- ignore agreements that have been reached (including between Teams and Drivers) and do not meet obligations of performance;
- did not act in the interests of the sport and/or the recognisable objective of undertaking the activities seriously in accordance with the rules that have been acknowledged;
- brought the Series into disrepute.

Specific mandatory requirements or restrictions in respect of behaviour of participants, or specific conditions of participation, may be published by the Series organizer in order to minimize to risks of, and maximise protection against, Covid-19 infection. It is essential that these requirements are followed by all participants and any breach of these requirements would be deemed a serious infringement of the PSCB. Competitors (Entrants) are responsible for ensuring full compliance by every person associated with their entry.

8. ENTRIES

8.1. Registrations/entries, entry closing date and obligation to participate

The closing date for a permanent entry into the PSCB 2022 has been set on **APRIL 1st, 2022** as the day on which the entry form must reach the promoter. After this date only, guest entries are accepted. The Entrant must submit his/her application by using the entry form provided by the promoter "Application for Entry". The entry form must be filled in completely and signed by each Competitor under penalty of non-acceptance.

Entry forms for a Guest Entry must reach the promoter no later than 7 days prior to the start of the Event concerned. The provisional entry list will be published at least 24 hours prior to the start of the Event.

The Series Organiser reserves the right to refuse an "Application for Entry" at his own discretion, stating the reason. There is no automatic entitlement to acceptance or participation in the Series. The written acceptance will be accompanied by an invoice.

The Entry fee invoice shall be paid fully no later than seven days after the date stated on the invoice. Only when the complete Entry fee relevant for the Entry has been received by the Series Organiser can a Competitor enter and will be entitled to participate to the PSCB Championship or single Event.

8.2. Entry fees

8.2.1. Permanent Entry Fee

The entry fees are payable as specified on the "Application for Entry". The following registration/entry fees are payable by participants:

- Permanent Entry Fee 6.750 EUR plus. VAT

Included in the Permanent Entry Fee:

- Entry fee for one Car with associated Drivers for a full season of 5 PSCB racing Events;
- 1 catering pass for the associated Driver;

8.2.2. Guest Entry Fee

The registration/entry fee for a guest entry to an Event is 1.450 EUR plus VAT (if applicable) for each Car and Event.

Included in the Guest Entry Fee:

- Entry fee for one Car with associated Drivers at the corresponding Event;
- 1 catering pass for the associated Driver.

8.2.3. Conditions

The Series Organiser will issue an invoice including VAT where applicable. An invoice will be issued after the Series Organiser has assessed the individual "Application for Entry". The invoice is neither a confirmation of the "Application for Entry" nor of entry to the Series.

Once the payment has been received by the Series Organiser and the application has been accepted, the Series Organiser will issue a written confirmation of entry. As of the issue date of the written confirmation by the Series Organiser the entry fee is non-refundable.

Once the "Application for Entry" has been accepted and confirmed in writing by the Series Organiser and the entry fee has been paid in full and in due time the entry is valid and the Competitor is entitled to participate.

Force majeure, labour disputes, civil disturbances, action by official bodies and other unforeseeable, unavoidable and serious occurrences, in particular restrictions and measures due to the Covid-19 pandemic, shall release the Series Organiser from his duties to perform regarding the aforementioned scope of services. In case of cancellation of services, the Series Organiser will accordingly try to compensate the cancelled services with other services or refund a reasonable part of the entry fee to the Competitor.

8.3. Commitment to participate

Upon registration, a Competitor commits to participate with each registered Car at all official testing and races of the Series in 2022 without exception.

8.4. Failure to participate

An Entrant/Driver registered for all season who fails or anticipates failing to fulfil these participation requirements must inform the Series Organiser as soon as possible, stating any mitigating reasons. The entry fee will not be refunded, also when the Entrant does not participate in one or more Events. The Series Organiser may accept a request for non-participation from an Entrant and/or Driver. Any failure to inform the Series Organiser or to submit any mitigating reasons may automatically be infringement of these Regulations.

8.5. Competition numbers

The participants will get permanent competition-numbers from the Series organiser for the entire season. Drivers participating under substitute or guest entry status shall be allocated a competition number by the

Series Organiser from the pool of numbers remaining. Once allocated, the competition numbers remain the same for all subsequent races of the Drivers.

8.6. Conditions

By entering the PSCB the participant and Drivers accept the terms and conditions indicated on the PSCB entry form. The Series organiser reserves the right to refuse any entry with notification of the refusal. The Series organiser reserves the right to terminate the entry of a participant and/or her Driver(s) during the season in case of unsportsmanlike conduct, infringements of article 4 (judgement solely at the discretion of the series organiser) or other wilful infringements of the Sporting and Technical Regulations without refunding any entry fee.

9. LICENCES

9.1. Required grade of licence

9.1.1. Drivers

Drivers holding of a valid license as described underneath and who are registered for the PSCB 2022, have paid the registration fees, are eligible:

- KNAF EU / National license or higher.
- License issued by an ASN from another EU country (ex. minimum Nationaal C from RACB)
- License issued from a similar country designated as such by the FIA.

9.1.2. Entrant licences

Each Car entering a full season or single race of the PSCB requires the registration of an Entrant licence. In the case of a combined Driver/Entrant licence one of the Drivers on a Car may be registered as the official Entrant. In case of separate Driver and Entrant licences a separate valid and ASN (from within the EU) supplied Entrant licence needs to be registered.

9.1.3. Guest Drivers

The Series organiser may admit guest Drivers with a valid Entrant's and Driver's licence in accordance with these regulations. A guest Driver may also score points.

9.1.4. Age Regulations

In compliance with the valid KNAF License Regulations and Appendix L, ISC.

9.2. Conditions for applicants outside their national territory

KNAF licence holders and licence holders by another ASN affiliated to the FIA have the right for participation and are entitled to score points for the series.

For every competition, foreign Competitors/Drivers must present the written approval of their licensing ASN. This permission must be submitted by the Competitor/Driver at Administrative Checks in English language.

9.3. Licence checks

A licence check will be organised during the administrative checks at the start of the first Event. Drivers and Entrants who have a full-season entry must only show their licences during following Events upon specific request by the organizer, the ASN or any other officials. Entrants and Drivers participating with a single-round entry will have to produce their licence during the administrative checks of each Event they participate in. The exact time and place of these checks will be communicated in the time schedule as well as in the Supplementary Regulations of each Event.

10. INSURANCE, LIABILITY EXCLUSION AND DISCLAIMER

10.1. Organiser's/promoter's insurance

In accordance with KNAF Event Regulations.

10.2. Declaration by the Entrant, Driver and passenger on the exclusion of liability

All Participants (i.e. Entrants, Team Members, Drivers, passengers, Car Owners and registered keepers) and any Members of their families attend the Event at their own risk and are aware of the fact that connected third

parties and their goods may risk damage, injury, commercial loss including resultant loss. They bear the undivided responsibility, both civil and criminal, for any damages caused either by themselves or by the Car used by them in all cases so long as no liability waiver has been agreed upon with this 'PSCB entry form' document.

By filing the 'PSCB entry form' document, the Entrant and Drivers agree, within the scope of the Events, to waive any claims for liabilities and/or damages of any kind against:

- Porsche AG and its representatives, sponsors and suppliers
- PSCB organisation, its representatives, sponsors and suppliers
- FIA, KNAF, RACB, their presidents, executive bodies, managing directors and general secretaries
- D'Ieteren Porsche Import, Pon Porsche Import, Autosdistribution Losch, and their legal representatives
- Organisers of the Events, Stewards of the Event, Race Director, Clerk of the Course, circuit owners, ASN-officials
- The authorities, racing services, and all other persons involved in the organisation of the Event
- The track construction authorities, in so far as damages are due to the condition of the tracks and track equipment used for the Event
- The various agents of all the persons and authorities mentioned above except for injury to a person's life, body or health or any other damages, caused knowingly and wilfully or through gross negligence by the waiving persons including their legal representatives or various agents.

The Entrant and Drivers further agree to also release:

- The other participants (Entrants and Drivers), their assistants, the owner, and keepers of other Cars
- Their own Entrant, Drivers (special agreements to the contrary between the Entrants and Drivers shall prevail) and assistants
- From liability for damages of any kind, which might occur in connection with the Events (test-days, practice, qualifying, warm up, race) except for injury to a person's life, body or health or of any other damages, caused knowingly and wilfully or through gross negligence by the waiving persons including their legal representatives or various agents.

It is recommended that the Entrants/Drivers take out an insurance for all damage caused by them.

10.3. Car owner's disclaimer

Only required, if Entrant, Driver or passenger is not the owner of the entered Car, see specifications above. The Car owner agrees with the participation of the Car specified on the entry form in the Event (= untimed and timed practice, qualifying practice, warm-up, practice and reconnaissance runs, races, and time trials for the top speed or shortest time) of the PSCB 2022 and confirms that he/she waives any claims or rights to pursue action for damages in connection with the Events against the parties, persons and agents mentioned in article 3 of these regulations.

11. EVENTS

11.1. Calendar of series Events

21 april 2022	Zandvoort	round 1
4 juli 2022	Zandvoort	round 2
21 juli 2022	Zolder	round 3
12 september 2022	Assen	round 4
14 oktober 2022	Zandvoort	round 5

11.2. Eligible Cars and max. number of Cars authorised

Eligible to participate in the PSCB 2022 are only Cars of the type/model Porsche 911 Cup and Porsche Cayman CS, which fully comply with the technical prescriptions of the PSCB 2022 Technical Regulations.

Eligible Cars and separation into divisions:

The Cars must meet the technical specifications of these rules and Appendix J (Article 277) of the International Sporting Code 2022 in full, otherwise they will not be allowed to participate in the Event. Once the Event has started a Driver cannot change the Car anymore. In case a Car is not able to be used anymore, based on a

report of the technical scrutineer (force majeure), the Entrant can request a change of Car by means of a written application to the Series organiser and the Stewards of the Event. The Stewards of the Event can then allow a change of Car in case of force majeure.

Cars submitted by "Porsche AG" may deviate from the Technical Regulations for the purposes of development. These deviations shall be referred for approval by a Series or an Event Bulletin to the KNAF by the Series organiser before the Car is used and shall not involve any safety-critical modifications.

The max. number of permitted Cars is defined in the circuit licence and listed in the Supplementary Regulations of the Event.

In case the number of permitted Cars is limited due to noise regulations of the circuits, permanent entries have priority over guest entries.

The Series organiser has the right to allow also other types of Porsches to participate in the races. This will be defined in the Supplementary Regulations of the Event. In such case, these Cars will enter the race as a 'guest-division' and won't score any point for the championship, neither shall they prevent full season Entrants from scoring points.

11.3. Format

The Cars can be shared by max two Drivers.

Practices

1 Free practice, of 60 minutes

2 Qualifying sessions of 15 minutes with 5min break in between (15 – 5 – 15)

In case two Drivers are registered on one Car, each Driver needs to drive one of the qualifying sessions and afterward drive the associated race.

Races

2 Sprint races of 30 minutes each. (Rolling start)

The starting grid for sprint race 1 will be determined by the fastest time achieved in the first qualifying session and relates towards a starting position in race 1. The starting grid for sprint race 2 will be determined by the fastest time achieved in the second qualifying session and relates towards a starting position of race 2.

In case two Drivers are entered on one Car, the first sprint race will be driven by the Driver who has driven the first qualifying, the second sprint race will be driven by the Driver who has driven the second qualifying.

Note: in case of special Events the organiser reserves the right to change or modify the format or times (minutes) indicated in this article to fit the special requirements or circumstances of the Event. Changes will be announced through an Event Bulletin and mentioned in the Supplementary regulations.

12. DIVISIONS

Any individual interested in participating in the Championship as a Driver shall indicate on their registration form the division in which they believe they should participate and the Car type. The Series Organisation will review each individual's selected Division and decide whether to accept that selection.

12.1. Divisions

Division	Subdivision	Car Type	MY
I		Porsche 911 GT3 Cup, type 992 + ABS	'21-'22
II	1	Porsche 911 GT3 Cup, type 991 Gen II + ABS	'17-'19'
	2	Porsche 911 GT3 Cup, type 991 Gen I + ABS	'13-'16
III		Porsche 911 GT3 Cup, type 997 Mk II	'10-'13
		Porsche 911 GT3 Cup, type 997 Mk I	'05-'09
		Porsche 911 Cup GT4, type 997 Mk I (base GT3 Cup)	'05-'09
		Porsche 911 GT4, type 997 (base GT3 Road Car)	'06-'07
		Porsche Cayman Clubsport GT4, type 981 (SRO GT4 Spec)	'16
		Porsche 718 Cayman GT4 Clubsport, type 982 (SRO GT4 Spec)	'19-'20
IV	1	Porsche 718 Cayman GT4 Clubsport, type 982 (Trophy Spec)	'19-'20
	2	Porsche Cayman GT4 Clubsport, type 981 (Trophy Spec)	'16

13. CLASSIFICATION**13.1. Awarding of points**

The winner of a race is the Driver who has classified as first in the Final Results.

For each race, an overall ranking and a ranking per division will be drawn up.

During the sprint races, Drivers who share a Car and therefore only start one race will score double points in their division for the race they participate in.

All participants who started the race will be classified in accordance with the number of laps of the circuit covered, providing that they have completed at least 75 % of the complete number of laps covered by the winner (rounded up to the nearest whole lap). Drivers who have completed the same number of laps will be classified in the order in which they last crossed the finishing line.

If the race duration is shortened or stopped and not resumed, the participants will be awarded the points as indicated, providing that at the time the race is stopped the leader has covered the following distance (based on the laps completed by the winner as shown in the Final Classification):

- at least 75 % of the completed number of Laps = 100 % points;
- at least 50 % of the completed number of Laps = 50 % points;
- less than 50 % of the completed number of Laps = no points.

The race distance is the duration specified in the Supplementary Regulations for the race(s). No additional laps are added to the race distance, in the event of the Safety Car is used at any time in a race even if the Safety Car has been used at any time in a race.

All laps of the race circuit covered after starting the race will be counted to obtain the distance covered. The warm-up and slowdown laps do not count towards the distance.

13.2. Table of points**13.2.1. Points awarding for the overall Race result and in each sub-division**

Participants who satisfy the conditions for the allocation of points for the individual races shall be awarded the following points in the Championship Classification in the order in which they are ranked in the final classification of each race, in accordance with the rules for the different divisions.

1st place	25 points	9th place	7 points
2nd place	20 points	10th place	6 points
3rd place	16 points	11th place	5 points
4th place	13 points	12th place	4 points
5th place	11 points	13th place	3 points
6th place	10 points	14th place	2 points
7th place	9 points	15th place	1 point
8th place	8 points	16th place	0 points

13.2.2. Points awarding for the fastest Qualifying Lap, in each division

One point per division is awarded during each Qualifying Session to the Driver who achieves the fastest Qualifying Lap in the respective division. No point is awarded for the fastest qualifying lap overall.

13.2.3. Points awarding for the fastest Race Laps, in each division

One point per division is awarded during each Race to the Driver who achieves the fastest Race Lap in the respective division. No point is awarded for the fastest race lap overall.

The fastest Race Lap during a Race must have covered the whole circuit length distance and should not be obtained exceeding any Track limits.

13.3. Championship Classifications

There is an overall Driver championship classification and a separate Driver championship for each of the divisions of the Porsche Sprint Challenge Benelux.

The overall championship classification is the sum of the points scored overall and in the respective division, including fastest qualifying and race lap.

The division championship classification is the sum of the points scored in the respective division, including fastest qualifying and race lap.

All results of the individual races count towards the respective final Championship Classification at the end of the year. There is no void or 'dropped' results.

The winner of the 2022 Porsche Sprint Challenge Benelux is the entered Driver with the highest total number of points in the overall championship classification from all races. The winner of the division championship is the entered Driver with the highest total number of points in the respective division championship classification from all races.

13.3.1. Guest Drivers

Guest Drivers will be awarded points and may participate in any podium ceremonies as applicable.

13.3.2. Team Change

It is permitted for a Driver to change teams during a season and to continue scoring points for the respective Championship of the division. It is permitted for a Driver to use a Car already registered and entered by a team, however if the Driver intends entering a new Car then the Competitor must submit a new "Application of Entry" and the appropriate fees to the Series Organiser.

13.3.3. Division Change

Drivers can switch divisions during the season. However, points scored for the Championship Classification cannot be transferred between Divisions. The Division, a Driver is allocated in is communicated on the Official Entry list and, whenever possible, on the timing screens. Should the timing system not be able to clearly indicate the respective division of each PSCB Driver then an alternative way of communicating will be chosen and communicated in the Supplementary Regulations.

13.4. Equality of points

- a) If there is a tie of positions in the championship classifications at any time, the positions will be determined by the highest number of first place results, then second place results and so on, achieved at the given time during the 2022 Series in the championship classification in question until the tie is resolved.
- b) If, after application of this rule, a tie remains, the decision is made based on the better result of the final race.

13.5. Publication of points

Points standings will be published by the Series Organiser in an official Team Information communication per E-Mail and on the series website after the end of each Event. Should an error in any classification require a correction to be made after publication, this can be done by the Series Organiser. Any questions or complaints

concerning the Series classifications must be submitted in writing to the Series Organiser and be received within seven days of the first publication of the points or prizes concerned.

14. PRIVATE PRACTICE AND TESTING

There is no restriction on private practice or testing.

15. ADMINISTRATIVE CHECKS

The Entrant and Driver must ensure that all the necessary documents as set out in the organiser's rules of participation are submitted by the correct date and time for licence verification. Failure to comply with this requirement may result in Driver(s) not admitted to the (final) entry list of the Event. The following documents must be presented by the Driver/Entrant:

- Entry confirmation
- Entrant's license
- Driver's license
- Possible ASN confirmation
- Medical aptitude form
- Authorisation to take part in Events abroad

Full season entries into the PSCB only need to present the above-mentioned documents at the first round of the season or if any modifications have taken place since the last check. Nevertheless, all these documents need to be present at the Event and must be produced without any delay should the Series Organiser, the Event Organiser or a representative from an ASN or the FIA make this request.

15.1. Timetable for administrative checks

See relevant Supplementary Regulations for the Event or official notice board.

15.2. Drivers' briefing

A mandatory Drivers' Briefing will be held at the beginning of each Event. In exceptional cases a Driver can request permission to be absent from the Drivers' Briefing from the Race Director. The time and location of the Drivers' Briefing will be published in the Supplementary Regulations of the Event.

In any event, a Driver who misses the Drivers' Briefing, must present himself to the Race Director in order to have a personal briefing, before taking part in the racing activities of that Event.

In case two Drivers are entered on one Car, the Drivers must notify the series organisation during the Drivers' Briefing who joins which qualifying session and race.

15.3. Team Managers' Meeting

The time and location of the team managers' meeting is specified in the internal Event schedule. Participation is mandatory for all team managers. Any non-attendance may result in a penalty.

16. SCRUTINEERING / TECHNICAL CHECKS

The Drivers or their representatives must present their race Car and the compulsory Driver's safety equipment that will be used during the Event at scrutineering. The Car must be presented in the configuration as it will be used in the competition (including starting numbers) and it must comply with the applicable Technical Regulations.

The following Car documents must be presented:

- Technical passport: folder of the Car with registration documents of engine, gearbox, chassis
- Certificate for rollover structure
- Certificate for the FT3 Fuel Tank

16.1. Scrutineering

Initial scrutineering of the Car and of the Drivers' equipment will take place in accordance with the timetable, specific to the Event. A safety sheet will be made for the Driver safety equipment by a representative of the local ASN at the first Event of the season. This safety sheet approves the safety equipment for the complete season. Every replacement or change must be notified to the Technical Scrutineer.

The list of Drivers and Cars allowed to take part in the Free Practice will be published by Stewards of the Event after scrutineering and administrative checks and before the first session. No Car may take part in the Event

until it has been approved by the Scrutineers. Drivers may delegate the task of taking their equipment to scrutineering to a team representative.

Cars have to conform to the obligatory stickering and advertising before being presented for scrutineering: see technical regulations

16.2. Scrutineering procedures

The scrutineers may:

- check the eligibility of a Car at any time during an Event;
- require a Car to be dismantled by the Competitor to make sure that the conditions of eligibility or conformity are fully satisfied;
- require a Competitor to pay the reasonable expenses which exercise of the powers mentioned in this article may entail;
- require a Competitor to supply them with such parts or samples as they may deem necessary;
- Request at any time for the team to produce valid certificates for the rollage and fuel cell. Competitors are obliged to deliver copies of those to the organiser at their first Event.

Any Car which, after being passed by the Scrutineers, is dismantled or modified in a way which might affect its safety or call into question its eligibility, or which is involved in an accident with similar consequences, must be re-presented to the Technical Scrutineer.

The names of the scrutineers during an Event are stated in the Supplementary Regulations of this Event and/or in article 3 of these regulations. They may be provided by the promoter or deployed by the Series organiser. Once technical scrutineering is completed, the Cars may only leave the paddock with the permission of the Race Director. After returning the Cars to the paddock, the corresponding Cars must be presented to the Scrutineers of the Entrant's own accord. An engine or gearbox change must be approved in advance by the Series organiser in writing. It is not permitted to drive the competition Cars on public roads.

16.3. Parc Fermé

In the end of qualifying sessions and after the finish of the race, all Cars must make their way directly from the track, under their own power and driven by the Driver who has participated in the qualifying session or race, to the Parc Fermé.

Should a Car for any reason not be able to make its way to the Parc Fermé under its own power, it is the responsibility of the team manager to communicate this to the Race Director, so an alternative means of transportation can be arranged, unless the Car is stopped on track in which case the Race Director and marshals will always order the transportation to Parc Fermé.

The location of the Parc Fermé will be announced in the Supplementary Regulations of the Event. In the designated Parc Fermé area only the duly appointed officials are authorised to give instructions to the Competitors who shall at all times follow these instructions. Parc Fermé will last at least 30 minutes after the provisional race results have been published, though the ASN Scrutineers, the Stewards of the Event or the Race Director may extend that period for as long as considered necessary.

Any infringement of the Parc Fermé protocol will be reported to the Stewards of the Event.

16.4. Data

See Technical Regulations.

16.5. Technical compliance

See Technical Regulations.

16.6. Camera system

See Technical Regulations.

At all times may the Race Director or Stewards of the Event request that footage from on-board cameras. For evaluation of driving conduct or as evidence used to investigate any incident.

17. RUNNING OF THE COMPETITIONS

17.1. Pre-start

The pre-start is the line-up of all Cars before entering the circuit for the free practice, qualifying and races. All Cars must be driven by the Driver from the team awning/pit to the official pre-start. Possible exceptions will be notified by the Series organiser at the start of an Event in each case. All Drivers must be ready for collection in full racing clothing in their team awning/pit at the time defined in the schedule or as indicated in the Drivers Briefing. Should a participant not be ready in time he/she has no right to take part in the relevant session or race. The final decision on participation in the session or race is taken by the Stewards of the Event.

17.2. Free Practice

One Free Practice session of 60 minutes (unless otherwise indicated in the Supplementary Regulations or Briefing), is scheduled for each Event.

The order of the Cars in the pre-start is determined by the result of the preceding race. For the first pre-start of the season, the order of the Cars will be determined by a draw. Guest Drivers will be placed at the back in the order of their competition numbers.

The free practice session time duration may be reduced should it be temporarily stopped for reasons of safety or Force Majeure.

Any Drivers who were not classified in the previous Race, will be placed in the Pre-Start in the following order:

- a) Any Driver who participated in the previous Race but was not classified.
- b) Any permanently entered Driver who did not participate in the previous Race.
- c) Any Guest Drivers.

Within each of the cases a) to c) above, the Drivers will be placed in the order of their Competition Numbers.

The order of the Cars in the Pre-Start of the second Session is determined by the classification of the first Session.

If more entered/nominated Drivers are present for an individual Race Event than permitted in the Supplementary Regulations for the respective Event, the Series Organiser may determine a regulative procedure (via bulletin) which decides on admission to Free Practice and qualifying for the Race/Races of the corresponding Event.

No Driver may start in the race without having taken part in at least one Practice session.

During all practices there will be a green and a red light at the end of the Pit lane. Cars may only leave the Pit Lane when the green light is on. Additionally, a blue flag and/or a flashing blue light will be shown in the Pit Exit to warn Drivers leaving the Pit Lane if Cars are approaching on the Track.

Any Driver causing a session to be stopped may be referred to the Stewards of the Event and may receive a penalty.

17.3. Qualifying

During the Qualifying sessions article 21 of these regulations will apply.

In case two Drivers are entered on one Car, each Driver needs to drive one qualifying fully and afterward drive the associated race. Which one, from the two Drivers, drives which qualifying session is free to choose.

The qualifying sessions will be divided in the following way (unless otherwise in the supplementary regulations):

Qualifying for race 1:

15 minutes of qualifying

Break:

Break of 5 minutes between the first and the second qualifying. During the break, Cars will be in parc fermé conditions in the pit lane.

Qualifying for Race 2:
15 minutes of qualifying

Only change of tyres, check of tyre pressure and change of Driver is permitted during the break. This break equals the period between the end of qualifying session 1 as shown on the timing screen, and the green lights indicating start of session 2.

In case of accident/incident, the Entrant can be allowed by the PSCB technical manager or scrutineer, to repair the damage.

If the weather conditions change between the 2 qualifying sessions, the Race Director can allow the following changes:

- change of tyres
- anti-roll bar adjustment
- position of the wing

The Driver needs to participate all qualifying sessions relevant for his Driver status. The Parc Fermé time period starts immediately after the qualifying session is complete (in other words, as soon as the session expires on the timing screens). Any Car still out on track must immediately make its way into pitlane or Parc Fermé. It is not allowed to connect laptops or any device serving the same purpose to the Car. In case of technical problems, the Technical Scrutineer or his representatives might grant a team the right to, under their supervision, break the Parc Fermé regulations to the extent that it is necessary to repair the damage.

All participants must qualify for their respective race(s). Admission to the starting grid and the races is dependent on the result of the qualifying session.

A Driver can only be admitted to a race by participating in the qualifying session and achieving a qualifying time not exceeding 120% of the fastest Driver in the qualifying session in their division.

Admission of Drivers who have not qualified will be decided by the Stewards of the Event in consultation with the Race Director, the Clerk of the Course after a written application by the Entrant/Driver. Any decision of the Stewards of the Event regarding this is final.

17.3.1. Incidents during the timed practice or qualifying sessions

In the event of a driving infringement during the timed practice / qualifying sessions, the Stewards of the Event, or the Clerk of the Course and/or Race Director may drop the Driver as many grid positions as they consider appropriate. Unless it is absolutely clear that a Driver committed a driving infringement, any incident will normally be investigated after the relevant session. If, in the opinion of the Stewards of the Event, a stoppage is caused deliberately, the Driver concerned may have his times from that session cancelled (in substitution or in addition to other available penalties) and may not be permitted to take part in any other timed practice session that day.

17.3.2. Stopping the timed practice or qualifying sessions

The Race Director or the Clerk of the Course may interrupt timed practice and qualifying sessions as often and for as long as he thinks necessary to clear the track or to allow the recovery of a Car. In the case of free practice only, the Race Director or the Clerk of the Course may decline to prolong the free practice period after an interruption of this kind with the agreement of the Stewards of the Event.

17.4. Races

The PSCB consists of 10 races, divided over 5 Events, 2 races per Event, organised as circuit races. The Sprint races will run to a time limit of 30 minutes each.

A race will not be stopped in the Event of rain unless the circuit is blocked, it is dangerous to continue, or due to a general force majeure in the Event. If a Car stops during the race, it must be removed from the track as quickly as possible so that its presence does not constitute a danger or hinder the other Competitors. If the Driver is unable to drive the Car from a dangerous position, it shall be the duty of the marshals to assist him. He may also be moved with help other than that of the marshals (i.e. any equipment, e.g. tractor, etc.) and re-join the race. The assistance of the marshals and their equipment may not be used to start the engine (e.g. 'bump-

starting') under penalty of disqualification. During the race, Drivers leaving the pit lane will do so only when the light at the pit lane exit is green and under their own responsibility. A marshal with a blue flag, or a blue flashing light, will also warn the Driver if Cars are approaching on the track.

17.5. Starting grid

The starting grid for sprint race 1 will be determined by the fastest times achieved in the first qualifying session, counting towards sprint race 1.

The starting grid for sprint race 2 will be determined by the fastest times achieved in the second qualifying session, counting towards race 2.

The starting grids will be determined purely by the times achieved. The fastest lap times of each Driver will be published per E-Mail after the qualifying. Pole Position according to the definition of the FIA track license will be held by the Driver with the fastest lap time. The Driver with the second fastest time takes position two etc. Should two or more Cars have set identical times, priority will be given to the one which set it first.

If one or more than one Driver has not set a lap time, these Drivers will be placed at the end of the starting grid in the following order:

- the Drivers who have started a timed lap
- the Drivers who have not started a timed lap

Drivers whose lap times were cancelled by decision of the Race Director, or the Stewards of the Event must in all cases start the race behind the aforementioned Drivers at the end of the starting grid. Any Competitor whose Car(s) is/are unable to start for any reason whatsoever (or who has good reason to believe that their Car(s) will not be ready to start) must inform the Clerk of the Course accordingly at the earliest opportunity. If one or more Cars are withdrawn before this time the grid will be closed up accordingly. Any Car which has not taken up its position on the grid by the time the 5-minute signal is shown must start from the pitlane and their place will remain empty.

17.6. Starting procedure

All Cars will be lined up in a 1 x 1 side-by-side formation for the rolling start and the rows on the grid will be separated by at least 8 metres. The Car appointed to start in first position will be positioned on the pole position location, designated as such by the FIA.

Before the start of the race, the Cars will leave the pitlane/pre-start to cover a (partial) reconnaissance lap, or otherwise defined in the Drivers Briefing. At the end of this lap, they will stop on the grid in starting order with their engine stopped.

Any Car which is still in the pitlane/pre-start when the pit exit is closed can start from the pit lane, but only under the direction of the marshals when the pit exit light, green is given. The Car may be moved to the pit exit only with the Driver in position in the Car.

17.7. Starting countdown

The approach of the Start will be announced by signals shown five minutes, three minutes, one minute and thirty seconds before the Start of the Formation Lap, each of which will be accompanied by an audible and visible warning.

5 minutes signal:

Pit Lane exit, and access for Cars to the Starting grid, will be closed. Any Car failing to leave the Pit Lane at that time, will have to Start from Pit Lane.

3 minutes signal:

All Team staff, with the exception of 1 person per Car, must leave the grid. Drivers need to be in their Cars in full racing clothing wearing the helmet with their seatbelts fully fastened.

No more work is allowed on the Car and the Car should be on the ground. Any Car which is not lowered to the ground, with four wheels when the 3 minutes signal is given, will receive a time penalty of 10 seconds.

1 minute signal:

Engines will be started all remaining people except any Officials must leave the grid.

15 seconds signal:

15 seconds after this signal, a green flag/light will be shown at the front of the grid whereupon the Cars will begin a Formation Lap, maintaining their starting order. During this Lap, Practice Starts are forbidden and the formation must be kept as tight as possible, with a maximum of 5 Car lengths between the Cars.

17.8. Formation Lap behaviour

Any Driver who is unable to start the formation lap must indicate this to the marshals and by illuminating his 4 indicators. When leaving the grid, all Drivers must proceed at a greatly reduced speed until clear of any team personnel or marshals standing beside the track. Marshals will be instructed to push any Car (or Cars) remaining on the grid into the pit lane by the shortest route as soon as all Cars able to leave the grid have done so. Any Driver being pushed from the grid may not attempt to start the Car and must follow the instructions of the marshals.

Overtaking during the formation lap is only permitted if a Car is delayed when leaving its grid position and Cars behind cannot avoid passing it without unduly delaying the remainder of the field. In this case, Drivers may only overtake to re-establish the original starting order. When the remainder of the field has passed the delayed Car before the starting line, the delayed Car is not allowed to overtake and re-establish the original starting order but must start at the back of the grid. If more than one Driver is affected, they must form up at the back of the grid in the order in which they left to complete the formation lap.

A time penalty will be imposed on any Driver who, in the opinion of the Stewards of the Event, unnecessarily overtook another Car during the formation lap. Yellow flags will be displayed at all observation posts. If there is an official car leading the grid, the speed of the organiser's official car must be around 80 kph during the formation lap.

17.9. The start

Rolling start.

17.9.1. Rolling start procedure

At some point in the last sector of the formation lap the organiser's official Leading Car will extinguish his lights, thereby transferring the role of Leading Car to the pole position Driver. At this point all Cars will move back into their side-by-side starting formation and weaving is no longer allowed. The organiser's official Leading Car will then drive away from the formation and pull off at the end of the lap with the Cars continuing on their own with the pole position Car leading at a minimum speed of 70 km/h and a maximum of 90 km/h. Any divergence between the prescribed speeds (70/90 km/h) or any irregular behaviour by a Car before the start is given will result in a Stop and Go penalty. The starting signal will be given by means of red lights off. Overtaking will be allowed as soon as the starting signal is given. If during the rolling start a problem arises when the Cars reach the starting line at the end of the formation lap of the grid, the red light will stay on. Yellow flags will be displayed at all observation posts. The Cars, with the pole position leading, will complete a new formation lap. They will be joined and led by the Safety Car and will continue for another lap. If additional formation laps are necessary, only the first two laps will not count towards the total distance of the race. The total number of additional laps, whether they be formation laps or laps covered behind the Safety Car, is two. If more than two additional formation laps are necessary, the start will be considered as having been given at the end of the second additional formation lap.

17.9.2. Start Delayed

In case of a major delay, as a blocked circuit or extreme weather conditions, the start may be delayed for a longer period. In such case the teams and Drivers will be informed by the Start Delayed sign being shown. As soon as a new start time is known the starting procedure will recommence from the 5-min signal.

17.9.3. Change of weather conditions - Wet Track Procedure

A Wet Track is announced based on a decision by the Race Director/Clerk of the Course by displaying the

“Wet Track” board (messages will also be displayed on the electronic timing screens where possible). In this case, the decision is left to the Entrants/Drivers as to whether they wish to take appropriate measures (change tyres).

In case the teams are hosted in the paddock, once the pit crew equipment and tyre trolleys have left the paddock, the Cars will go from the paddock into the pit lane.

If a wet track is displayed or announced before the race starts, the start process is subject to the following conditions:

During the pre-start procedure

- The Race Director will confirm where tyres may be changed and the procedure for doing so.
- The normal start procedure will then begin from the 5-minute signal. If the weather conditions continue the Race Director may decide to start the race behind the Safety Car.

During the start procedure (on the grid) before the formation lap

- The Competitors are shown the Start Delayed board
- The Race Director will decide where Teams may change tyres and issue instructions accordingly
- The normal start procedure will then begin from the 5-minute signal. If the weather conditions continue the Race Director may elect to start the race behind the Safety Car.

During the Formation Lap

- The start is aborted
- The Race Director will decide where Teams may change tyres and issue instructions accordingly
- The normal start procedure will then begin from the 5-minute signal. If the weather conditions continue the Race Director may elect to start the race behind the Safety Car.

A race will not be stopped in the event of rain unless the circuit is blocked, or the Race Director considers it unsafe to continue.

Once a race has started, the Teams and Drivers are free to choose slick tyres or wet-weather tyres at any time without waiting for the Race Director to declare a “Wet Track”. Any Car running on wet-weather tyres must have its rain light and headlights switched on.

17.9.4. Start Infringements

A penalty will be imposed for any infringement during the starting procedure. The Race Director and Stewards of the Event may use any form of technical means or assistance available which enables them to make better informed decisions.

17.10. Neutralization of the session by means of CODE-60

Instead of the use of a Safety Car to secure areas of danger or accidents, for additional safety reasons, the Race Director can neutralize the session by means of a CODE-60 Procedure (CODE-60 flag or LED panel).

17.10.1. Introduction of CODE-60 Procedure

The main (safety) advantage of the CODE-60 Procedure is the fact that all Cars will lower their speed immediately without braking, the maximum speed will be 60 km/h and overtaking is strictly forbidden. This means that the complete track is secured immediately, and rescue officials and rescue Cars can do their important work on a safe way.

Maximum safety is the primary reason of the CODE-60 procedure. Only of secondary matter, there is no advantage or disadvantage for none of the Drivers, because all Cars will drive (maximum) 60 km/h as the distance from Car to Car will stay the same. By means of the time-intermediates in the track, timekeeping will automatically measure the speed of all Cars. In case of exceeding the speed limit (occasionally or on average) this will be sanctioned.

17.10.2. Start of CODE-60 Procedure

When the order is given to deploy the CODE-60 procedure, all marshal posts will SIMULTANEOUSLY display the PURPLE flags, with the NUMBER 60 on it.

From the moment the CODE-60 flags are shown, all Drivers must release the throttle immediately without braking. During this CODE-60 procedure it is forbidden to drive faster than 60 km/h.

17.10.3. Usage of Pitlane during CODE-60 Procedure

The Pit Lane is open, so competing Cars can enter the pit lane and re-join the track. A Car re-joining the track under these conditions will proceed at reduced speed (speed limit is 60 km/h).

17.10.4. Exceeding the speed limit

Any Car that exceeds the speed limit of 60 km/h can be penalized by the Race Director with a time penalty. The time penalty is the double advantage gained by driving too fast under Code60 procedure; see 21.1.3.

17.10.5. End of CODE-60 Procedure

When the Race Director gives the order to end the CODE-60 procedure, all marshal posts will SIMULTANEOUSLY display waved GREEN flags. From the moment the GREEN flags are shown, the race will proceed, and it is allowed to overtake.

17.10.6. Implications of CODE-60 Procedure on race length

Each lap completed while the CODE-60 procedure will be counted as a race lap and race time. If during this procedure the time should reach the end of the race, the chequered flag will be used as normal to finish the race.

17.11. N.A.

~~The Safety Car will be deployed according to Article 2.10 of Appendix H of the International Sporting Code.~~

17.12. Suspending or stopping the race

Should it become necessary to suspend or stop the Race because the circuit is blocked as the result of an accident or because weather or other conditions make it dangerous to continue, the Clerk of the Course shall order a red flag to be shown at all marshal posts and the abort lights to be shown at the Line. The decision to stop the Race can only be taken by the Clerk of the Course (or in his unavoidable absence, his deputy).

When the signal to stop is given all Cars shall immediately reduce speed and proceed slowly into the Pit Lane in the knowledge that:

- a) the Race classification will be that at the end of the penultimate Lap before the Lap in which the signal to stop the Race was given;
- b) Race and service cars may be on Track;
- c) the circuit may be totally blocked because of an accident;
- d) weather conditions may have made the circuit undriveable at racing speed;

The first Car to arrive in the Pit Lane should proceed directly to the Pit Exit staying in the Fast lane, all the other Cars should form up in a line behind the first Car.

Any Cars in their Working Lane at the time the race was suspended will be arranged at the back of the line of Cars in the Fast Lane in the order they got there.

The Leading Car will then be driven to the front of the line of Cars in the Fast lane.

Whilst the race is suspended Cars may be worked on once they have stopped in the Fast lane.

Only Team Members, Officials and duly accredited television cameramen will be permitted in the Pit lane.

Unless asked to do so by the Stewards of the Event, Cars may not be moved from the Fast Lane whilst the race is suspended. A penalty will be imposed on any Driver whose Car is moved from the Fast Lane to any other part of the Pit lane.

At all times Drivers must follow the directions of the Officials.

The delay will be kept as short as possible. As soon as a resumption time is known all Teams will be informed via the Official messaging system. In all cases at least a 10 minutes warning will be given. The Starting Countdown Procedure - in accordance with article 17.7 of the present Regulation - will start precisely 5 minutes after the moment the 10 minutes warning has been given.

The race will be resumed behind the Safety Car when the Pit Exit green lights are illuminated.

The message "SAFETY CAR DEPLOYED" will be sent to all Teams via the Official messaging system, all Marshal's posts will display waved yellow flags and "SC" boards for the duration of the intervention.

The Safety Car will then leave the Pit Lane and all Drivers must follow, no more than 10 Car lengths apart.

The Safety Car will enter the Pits after one lap (i.e. one Out-Lap) unless:

- a) the race is being resumed in wet conditions and the race director deems more than two laps necessary;
- b) all Cars are not yet in a line behind the Safety Car;
- c) a further incident occurs necessitating another intervention.

When the Clerk of the Course decides it is safe to call in the Safety Car and as the Safety Car is approaching the Pit Entry the yellow lights will be extinguished and the yellow flags and SC board will be replaced by waved green flags with green lights at the Line.

In order to avoid the likelihood of accidents before the Safety Car returns to the Pits, from the point at which the lights on the Safety Car are turned off, Drivers must proceed at a pace which involves no erratic acceleration or braking nor any other manoeuvre which is likely to endanger other Drivers or impede the restart.

No Driver may overtake another Car on the Track until he passes the Line for the first time after the Safety Car has returned to the Pits.

17.13. The Finish

The end of race signal will be given by means of a chequered flag at the finish line as soon as the Leading Car crosses it, whether this is after the scheduled time has elapsed, or for any reason the end-of-race signal is given under green flag before the scheduled time has elapsed, or when the race is ended under Safety Car procedure. Should the end of race signal be delayed for any reason, the race will be deemed to have finished after the scheduled time has elapsed. The finish line applies both to the track and to the pit lane.

After receiving the end of race signal, all Cars must proceed directly to the Parc Fermé without any unnecessary delay with exception of the Cars required during the podium ceremony, which need to follow the marshal's instructions to proceed to the location specifically dedicated for this.

17.14. Parc Fermé

The Parc Fermé time period starts immediately after the Qualifying Session is completed (in other words, as soon as the Session expires on the timing screens) or after the Finish of the Race.

At the end of the qualifying sessions and after the Finish of the Race, all Cars must make their way directly from the Track, under their own power and driven by the Driver who has participated in the Qualifying Session or Race, to the Parc Fermé. The presence of a representative of the Entrant is required, no later than 5 minutes after the Race Finish. In case Parc Fermé checks are delayed due to absence of a Team representative the Car in question may be disqualified by the Stewards of the Event for obstructing Parc Fermé procedures.

Should a Car for any reason not be able to make its way to the Parc Fermé under its own power, it is the responsibility of the Team Manager to communicate this to the Race Director, so an alternative means of transportation can be arranged, unless the Car is stopped on Track in which case the Race director and Marshals will always order the transportation to Parc Fermé.

The location of the Parc Fermé will be announced in the Supplementary Regulations of the Event. In the designated Parc Fermé area only the duly appointed Officials are authorised to give instructions to the Entrants who shall always follow these instructions. Parc Fermé will last at least 30 minutes after the provisional Race results have been published, though the Scrutineers, the Stewards of the Event or the Race Director may extend that period for as long as they consider necessary.

The Parc Fermé can only be reopened after a decision of the Stewards of the Event. The Stewards of the Event shall take such a decision after studying the Scrutineers' report.

It is not allowed to connect Laptops or any device serving the same purpose to the Car. In case of technical problems, the Race Director might grant a Team the right to, under the supervision of the Scrutineers, break the Parc Fermé Regulations to the extent that it is necessary to repair the damage.

Any infringement of the Parc Fermé protocol will be reported to the Stewards of the Event for penalty evaluation.

17.15. General Flag Signals

Additional to the flag signals referred the Appendix "H" (ISC); The CODE-60 (Purple) FLAG is applicable. This CODE-60 FLAG is prescribed in article 17.10.

17.15.1. Light Panels

According to art. 2.5.3 of the Appendix "H" (ISC) Light panels might substitute the flag signals. The light panels and other light signals used must be respected in the same way as the flag signals mentioned before.

17.15.2. First Signal

In situations where flags and light panels of the same colour are shown at the same time, the signal shown first counts.

18. TITLE AND TROPHIES

18.1. Title Overall Champion

The title: **Champion Porsche Sprint Trophy Benelux 2022**

Will be awarded to the Driver that has scored the highest number of points in the overall championship classification.

18.2. Titles Division Winners

18.2.1. Title Division 1 Winner

The title: **Champion Porsche Sprint Trophy Benelux (992 Division)**

Will be awarded to the Driver(s) that has scored the highest number of points after all of the classification Events and discards in division 1.

18.2.2. Title Division 2 Winner

The title: **Champion Porsche Sprint Trophy Benelux (991 Division)**

Will be awarded to the Driver(s) that has scored the highest number of points after all of the classification Events and discards in division 2.

18.2.3. Title Division 3 Winner

The title: **Champion Porsche Sprint Trophy Benelux (997/GT4 SRO Division)**

Will be awarded to the Driver(s) that has scored the highest number of points after all of the classification Events and discards in division 3.

18.2.4. Title Division 4 Winner

The title: **Champion Porsche Sprint Trophy Benelux (GT4 Division)**

Will be awarded to the Driver(s) that has scored the highest number of points after all of the classification Events and discards in division 4.

19. ADVERTISING

See technical regulations.

20. TV, BROADCASTING, ADVERTISING AND OTHER MEDIA RIGHTS

Copyright, all picture and sound rights as well as all television rights for the PSCB 2022 for both terrestrial broadcasting and cable and satellite television broadcasts, all video rights, and all rights for exploitation by all electronic media are held by Cup Challenge Benelux. All manner of recording, broadcasting, repetition, and reproduction for commercial purposes without the written permission of Cup Challenge Benelux shall be prohibited.

The Series Organiser is entitled to use exclusively all rights of the teams and their Drivers, particularly names, logos, team equipment and Car, to produce interactive games of the Series and to assign the rights to a third party for this purpose.

The Entrant must allow on-board cameras to be mounted to their Car by the partner authorised by the Series Organiser to do so. Cameras will be installed in the Cars no later than 15 minutes before the Start of a Session or Race.

The footage recorded will always be owned by the Series Organiser and utilised for marketing and promotion activities. Team is encouraged to share the footage from their own in-board cameras with the Series Organiser representatives for the same purpose.

In case the Series Organiser purchases extra TV-material, whether raw footage or edited, during an Event, the full rights of these images remain in possession of the PSCB under the provisions of any rights agreed upon with the party providing the TV footage services.

20.1. In-board camera

In-board cameras are mounted inside the Car's Driver's compartment. Users of either type of camera shall ensure that any third-party damage is prevented. During untimed practice, qualifying and the two races, Competitors shall observe the following:

- the use of a private in-board camera filming the inside of the Car and Driver's view of the track is recommended
- additional in-board cameras are admissible after approval by the Series Organiser;
- official TV in/on-board cameras shall be installed by the organiser or the commissioned service provider and shall be subject to scrutineering;
- the interior* of racing Cars carrying official TV in-board cameras shall be kept free of advertising incl. any type of branding (e.g. decals of the team);
- in the event that the interior of a team's Car carries advertisements, and the team is unwilling to remove them before using TV inboard cameras, the TV in-board cameras shall be installed in the Car of another team.

* Def.: interior: entire Driver's compartment incl. interior and exterior surfaces of the windows.

21. PENALTIES

21.1. Generality

At the individual Events the Race Director and the Stewards of the Event are responsible for imposing sports penalties on the participants/Drivers.

21.1.1. Penalties by Race Director

The following penalties may be imposed by the Race Director:

- Cancellation of any practice or qualifying laps
- Time Penalty up to 60 seconds
- Drop of grid position for Race 1 or Race 2 of the individual event
- Warning

21.1.2. Penalties by the Stewards of the Event

In addition to the cases listed in the Sporting Code (CSI) and other Regulations, the Stewards of the Event can impose any penalty necessary following circumstances or offences may always be punished by refusing permission to participate, or disqualify a participant from participating, in the Event:

- Non-compliance with the prerequisites for participation
- Non-compliance with the Regulations in the code
- Advertising for brands that compete with the Series sponsors
- Unsporting behaviour
- Failure to comply with the instructions of the Series organiser
- Refusal to undergo a Car check that has been ordered

If a sports penalty is issued, the costs for special examinations shall be at the expense of the Entrant. All Drivers must respect the track limits, defined in accordance with Chapter IV of Appendix L to the International Sporting Code. It is prohibited for the Drivers to improve their lap time in qualifying when yellow flag is out in a sector.

21.1.3. Pre-defined penalties

Following time penalties are pre-defined:

Speeding in the pit lane: 2 seconds per km/h.

Driving too fast under a CODE-60 situation: Time gained in seconds x 2. (Time gained is determined by Race Director)

Being with more than 3 people in working lane during pitstop: 5 seconds.

Time penalties for Overtaking under yellow flag:

- | | |
|----------------|-----------------------------------|
| In qualifying: | Annulation of (best) lap time |
| In race: | up to 60 sec seconds time penalty |

Overtaking under Safety Car Procedure: up to 60 sec seconds time penalty

Overtaking under Code-60 Car Procedure: 60 sec seconds

Improvement of lap time in qualifying when yellow flag is out in sector(s):

Annulation of time in that particular lap.

Not respecting Track limits, as defined in accordance with Chapter IV of Appendix L to the ISC:

in qualifying: cancellation of time of that particular Lap,

in Race: 3rd infringement = following warning on screen: "must respect track limits turn";

4th infringement = Official warning with warning-flag signal;

5th infringement and onwards = 5 seconds time penalty.

21.1.4. Other provisions

All Drivers must respect the Track limits, defined in accordance with Chapter IV of Appendix L to the International Sporting Code. It is prohibited for the Drivers to improve their Lap time in qualifying when yellow flag is out in a sector.

Each time the Stewards of the Event or the Race Director have to consider imposing or not a penalty, they study the case.

There are cases where the Stewards of the Event or the Race Director has no discretion regarding the penalty (i.e. speed limit).

The fact that penalties have been imposed by the Stewards of the Event does not rule out more extensive penalties by the relevant ASN or sport's disciplinary body. These disciplinary bodies shall also be entitled to disallow points won in PSCB races.

In the case of disqualification, the points gained for the relevant race shall be forfeited. In the event of exclusion from participating further in the Series, all points won up to that point shall be forfeited.

21.2. Drive-Through or a Stop-and-Go penalty

Should the Stewards of the Event decide to impose either a Drive-Through or a Stop-and-Go penalty, the following procedure will be followed:

- a) The Stewards of the Event will give notification of the penalty which has been imposed to the Entrant concerned by means of a message on the timing monitors.
- b) From the time the Stewards of the Event' decision is notified on the timing monitors the relevant Driver may cross the control (timing) Line on the Track no more than twice before entering the Pit Lane. In the case of a Drive-Through penalty the Driver must proceed down the Pit Lane and re-join the Race without stopping. In the case of a Stop-and-Go penalty, the Driver must stop in the designated area where they shall remain for the prescribed stop time. Unless notified otherwise by a Series- or Event' Bulletin or Race Directors Briefing Notes for a particular Event, the designated area for Stop-and-Go penalties to be served will be in the respective Entrant's Pit Lane working area. Entrants are responsible for ensuring that their Car stops for the prescribed stop time, and this will be checked by the Timekeepers. When the prescribed stop time has lapsed, the Driver may re-join the Race. However, unless the Driver was already in the Pit Entry for the purpose of serving a Drive-Through or Stop-and-Go penalty, they may not carry out the penalty while the Safety Car has been deployed. The number of times the Driver crosses the control Line behind the Safety Car will be added to the maximum number of times they may cross the control Line on the Track. Whilst a Car is stationary in the Pit Lane as a result of incurring a Stop-and-Go penalty it may not be worked on. However, if the engine stops it may be started after the prescribed stop time has lapsed.
- c) Should either a Drive-Through or Stop-and-Go penalty be imposed and notified during the last 5 Laps/10 minutes or after the end of the Race, or cannot be imposed for operational reasons, then at the discretion of the Stewards of the Event the procedure above may not apply and may the penalty be converted to a time penalty of a minimum of 30 seconds in the case of a Drive-Through penalty or a minimum of 35 seconds plus any penalty time in the case of a Stop-and-Go penalty which will be added to the lapsed time of the Car concerned.
- d) For any breach of the Regulations during Free Practice, the Stewards of the Event may (as an alternative to or in addition to any other penalty) impose a Stop-and-Go penalty which they may order to be taken at the Start of the Qualifying Practice session, in which case the Car concerned may not leave its Pit Lane working area at the Start of the Qualifying Session until the prescribed stop time has lapsed.
- e) Any breach or failure to comply with the above procedure may result a penalty.

22. PROTESTS AND APPEALS

Protests and appeals shall be covered by the International Sporting Code of the FIA. The protest fee is regulated by the parent ASN.

In accordance with the FIA International Sporting Code Art. 12.3.4, appeals may not be made against any element or decisions resulting in the application of the following penalties applied by the Stewards of the Event or the Race Director:

- a) Drive through or Stop/Go penalties including those imposed during the last laps of a race or a time penalty (in case of a drive through penalty) after the race.
- b) Penalties stating or implying the cancellation of a number of practice or qualifying lap times.
- c) Penalties stating or implying a drop of grid positions for the race.
- d) Time penalties added to the whole race time during the race.

23. EXCLUSION OF JURISDICTION OF A COURT AND LIMITATION OF LIABILITY

(1) The jurisdiction of a court is excluded for decisions of the FIA, the KNAF, their jurisdictions, the Stewards of the Event, the Series organiser or the organiser as judge.

(2) No claim for compensation of whatever kind may be derived from actions and decisions of the KNAF or its jurisdiction as well as of KNAF representatives or the Series organiser, except in the case of a damage caused on purpose or by gross negligence, except for damage or harm to life, body or health resulting from the deliberate or negligent breach of duty, including a legal representative or agents of the group of persons released from liability, and except for any other damage resulting from the deliberate or grossly negligent breach of duty, including a legal representative or agent of the group of persons released from liability.

(3) Implied exclusions from liability shall remain unaffected by the above exclusion of liability clause.

24. PLACE OF JURISDICTION

As far as there is no exclusion of jurisdiction and claims against PSCB / Cup Challenge Benelux B.V. are asserted and a jurisdiction clause is admissible, The Netherlands is herewith agreed as place of jurisdiction.

25. SPECIFIC REGULATIONS

25.1. Paddock

- a) The image of the Series and the participating teams must be always to a professional standard. This includes, for example, team clothing, trucks, awnings, pit walls and antistatic floor coverings. Furthermore, every Competitor must ensure that all safety-relevant aspects of its team's working processes are fulfilled and observed.
- b) Only the team trucks shall have access to the Series paddock. Small trucks and trailers shall only have access to the Series paddock for the purposes of loading and unloading during the official set-up and dismantling periods. Passenger cars, motorhomes and other Cars are strictly forbidden and shall not have access to the Series paddock at any time, except for the Leading Car. The precise times for setting up and dismantling the paddock will be determined by the Series Organiser for each Event. These times must be strictly adhered to.
- c) All trucks must be washed before they are parked in the paddock.
- d) Each Competitor will be permitted one transporter and awning for a minimum of 2 and a maximum of 3 competing Cars and must be parked in their designated Paddock area and may contain an area at the rear specifically for team seating and relaxation. Prior to making any change to the on-site set up and working appearance a Competitor must submit a written request to, and receive approval from, the Series Organiser a minimum of 14 days prior to the first day of the Event in question. No separate hospitality or entertaining structures will be permitted by Competitors/Drivers within the paddock. During opening hours of the official hospitality no preparation or serving of meals is allowed in team awnings.
- e) The entire on-site setup, e.g. awnings, trucks or any other temporary structures and their components, must fully comply with the applicable laws of the relevant Event venue at the sole accountability of the Competitor.

25.2. Pitlane allocation

The organiser will supply the Teams with a garage and/or pitlane allocation, indicating their position in the pitlane during any of the sessions or races. This allocation will be distributed during the mandatory Drivers' briefing. Should a Driver, at any time during the execution of a pitstop, hinder another Driver, for instance by

driving slowly in pitlane or inappropriately parking the Car, the Stewards of the Event will apply any penalty considered appropriate. Competitors must not paint lines on any part of the pit lane.

25.3. Assistance in the pitlane

During a pitstop the following people per Car may enter the working lane of the pitlane and perform the tasks specified below:

1x Team Manager:

- Overseeing the pitstop who may not perform any work on the Car.

2x Mechanics:

- Who can perform any work on the Car except that which is specifically forbidden and/or at specific times by these Sporting Regulations;
- Who can clean the windscreen;
- Who can help with the Driver change. In case this person assists with the Driver change the exiting Driver needs to leave the working area as soon as is safely possible.

Maximum two pneumatic or electric wheel guns may be used for wheel changes.

Only 3 team members per Car and Drivers wearing their racing overalls are allowed in the signalling area / pit wall during all sessions. Guests and people under 16 years of age are not allowed in the pit area.

In total a maximum of 3 people may enter the working lane during a pitstop. Any other person entering the working lane, marked by the official pit lane line, will be seen as a violation to these regulations, regardless of whether this person is a team member, or any other person connected to the team, such as VIP guests.

Any breach of these regulations, reported by judges-of-fact or other officials to race control, will be penalized by the Stewards of the Event. Technicians authorized by the organiser, such as tyre or brake technicians from the respective suppliers, may perform their specifically assigned tasks and/or measurements on the Car without being counted as team members.

25.4. Instructions of the Series Organiser

Instructions of the Series Organiser and the paddock supervisors must be followed at all times.

In the event of failure of any team, team member, Driver, guest or other individual to comply with these regulations, the Series Organiser will notify the Stewards of the Event who may impose a penalty including a fine of at least EUR 500.00 and up to disqualification from the Event.

25.5. Publication Obligation

The nationality of the issuing licence authority must be stated for publications and podium ceremonies.

25.6. Podium Ceremony

After the last race of the event day there will be an official podium ceremony for both races. Trophies will be awarded to the 1st, 2nd and 3rd Drivers, per sub-division to cross the finish line including guest Drivers.

A podium per sub-division is organised in case a minimum of 5 Drivers are competing in the sub-division.

In all cases, the Drivers for whom a podium ceremony is held, whether it is on the official podium area of the Event or in the PSCB paddock, must mandatorily attend these ceremonies and immediately thereafter make themselves available for a period of 60 minutes.

A master of ceremonies will be appointed by the organiser of the Event to conduct the podium ceremony. Trophies will be awarded to all Drivers eligible to appear in the podium ceremonies. During the entire podium ceremony, except for the time during which the national anthems are being played, the Drivers on the podium must leave the caps of the tyre manufacturer on their heads. The ceremony starts with ascending the podium and ends with leaving the podium after the group picture for the press.

Competitors must nominate a team member in respect of each of their Cars who will return that Car from the pit lane to Parc Fermé should its Driver be required to participate in any podium ceremony.

25.7. Stewards of the Event' Inquiries

The Stewards of the Event of the Event may hold inquiries into incidents observed by them or referred to them by the Race Director, Technical Scrutineers, Series Organiser or other parties. The Stewards of the Event may seek evidence from any source they choose – in the case of incidents on track the Race Director shall present any video evidence available and at any time requested by the Stewards of the Event including during inquiries with Competitors and Drivers.

25.8. Incidents

- a) "Incident" means any occurrence or series of occurrences involving one or more Drivers, or any action by any Driver, which can be reported to the Stewards of the Event by the Race Director (or directly noted by the Stewards of the Event) which:
 - a. necessitated the suspension of a session (red flag);
 - b. constituted a breach of these Sporting Regulations or the Code;
 - c. caused a false start in a race by one or more Cars;
 - d. caused a collision;
 - e. forced a Driver off the track;
 - f. illegitimately prevented a legitimate overtaking manoeuvre by a Driver;
 - g. illegitimately impeded another Driver during overtaking.
 - h. behaviour on track;
 - i. any possible advantage taken or used by a Driver as a result of a possible unclear situation on track is forbidden. An unclear situation is not an opportunity to take an advantage;
 - j. any stopping immediately in front of, in or after a curve is prohibited.
- b) Unless it was completely clear that a Driver was in breach of any of the above, any incidents involving more than one Car will normally be investigated after the session.
- c) It shall be at the discretion of the Stewards of the Event to decide, upon a report by the Race Director, if a Driver or Drivers involved in an incident shall be penalized.
- d) If a Driver is involved in an incident, he must not leave the Circuit without the consent of the Stewards of the Event

25.9. The Track

Drivers must use the track at all times and may not leave the track without a justifiable reason. For the avoidance of doubt:

- a) The white lines defining the edge of the track are considered to be part of the track.
- b) A Driver will be judged to have left the track if all four wheels of the Car go beyond the white line.
- c) Any curbs installed beyond the white lines are not considered to be part of the track.

The following penalties may be applied:

a) Practice

Any Driver identified by a judge of fact as having left the track (unless for reasons beyond his control) may have that lap time deleted by the Race Director.

Any Driver who repeatedly leaves the track may receive a penalty, the minimum being a Stop/Go penalty of 5 seconds during the qualifying session and if not possible in the following qualifying session.

b) Qualifying

Any Driver identified by a judge of fact as having left the track (unless for reasons beyond his control) will have that lap time deleted by the Race Director.

Any Driver who repeatedly leaves the track may receive a penalty up to and including a deletion of all lap times.

c) Race

Any Driver identified by a judge of fact as having left the track (unless for reasons beyond his control) will be at the third infringement shown a warning on screen and will be shown at the fourth infringement an official warning with the black and white flag.

Any Driver who continues to leave the track a fifth time and onwards will receive a minimum time penalty of 5 seconds, according to article 21.1.

25.10. Effectiveness of the Regulations and Ranking

In the event of a conflict between the entry documents and these regulations, then the current version of these regulations shall take precedence.

26. GENERAL SAFETY

26.1. General Safety Rules

The following General Safety rules must be followed:

- official instructions will be given to Drivers by means of the signals set out in the Code;
- Entrants must not use flags similar in any way whatsoever to these;
- at no time may a Car be driven unnecessarily slowly, erratically or in a manner which could be deemed potentially dangerous to other Drivers or any other person;
- Drivers are strictly forbidden to drive their Car in the opposite direction to the Race unless this is absolutely necessary in order to move the Car from a dangerous position;
- during Practice and the Race, Drivers may only use the Track and must at all times observe the provisions of the Code relating to driving behaviour on circuits;
- Drivers must make every reasonable effort to use the Track at all times and may not deliberately leave the Track without a justifiable reason;
- Drivers will be judged to have left the Track if no part of the Car remains in contact with it and, for the avoidance of doubt, any white lines defining the Track edges are considered to be part of the Track but the kerbs are not;
- should a Car leave the Track the Driver may re-join, however, this may only be done when it is safe to do so and without gaining any lasting advantage. At the absolute discretion of the Race Director a Driver may be given the opportunity to give back the whole of any advantage he gained by leaving the Track;
- any Driver intending to leave the Track or to go to his Pit or the Paddock area must signal his intention to do so in good time making sure that he can do this without danger;
- a Driver who abandons a Car must leave it in neutral or with the clutch disengaged and with the steering wheel in place;
- a Car may only be pushed to remove it from a dangerous position as directed by the Marshals;
- it is the Drivers' responsibility that all clothing is always worn properly and that the seating position is correct and the seatbelts correctly closed. Especially the latter will be checked by representatives of the Series Organiser at the Start of sessions or after Pit Stops with Driver changes;
- animals, except those which may have been expressly authorised by the circuit for use by security services, are forbidden in the Pit Area and on the Track and in any spectator area.

26.2. Pitlane regulations

26.2.1. Pit lane safety

For the avoidance of doubt and for description purposes, the Pit Lane shall be divided into two lanes. The Lane closest to the Pit wall is designated the "Fast Lane ". The Lane closest to the garages is designated the "Working Lane" and is unless exception the only area where any work may be carried out on a Car.

Drivers must respect the designated Pit Entry and Exit and they must not cross the white Line at Pit Entry or Exit, details of which will be provided in the Drivers' Briefing.

The outer Fast Lane is to be kept unobstructed to always allow safe passage of Cars. It is the responsibility of each Entrant to release their Car from the Working Area only when it is safe to do so. Cars in the Fast Lane have priority over those leaving the Working Lane.

At the Start of any Practice or Qualifying Session or the Out Lap towards the Starting grid Cars can only leave their working space as soon as the Pit Exit light goes green. Queuing before the Pit Exit red light is not allowed unless exceptions explained differently during the Drivers Briefing.

Any Driver intending to Start the Race from the Pit Lane may not leave with his Car from his Team's designated space until the Pit Exit is closed and must stop in a Line in the Fast lane.

When Cars are waiting in the outer Fast Lane prior to exiting the Pit Lane at the Start, no work of any description may be undertaken on the Car. It is permitted to use a forced air blower to cool the Driver, but any such cooling equipment must be removed from the outer Fast Lane before the Pit Lane open signal is given.

Team personnel are allowed in the Working Lane maximum 1 Lap before they are required to work on a Car and must withdraw as soon as the work is complete (at the latest 1 Lap after). It is the responsibility of the Entrant to release his Car after a Pit Stop only when it is safe to do so. Cars in the Fast Lane have priority over those leaving the Working Lane.

Cars must not be released from a garage or Pit Stop position in a way that could endanger Pit Lane personnel or another Driver.

Competitors must provide a means of clearly establishing, when being viewed from both above and in the front of the Car, when a Car was released.

The use of safety stands (securing the Car from dropping unintentionally from the air jacks) for any type of work underneath the Car will be strictly enforced. Any non-compliance will be reported to the Stewards of the Event and penalised at the full discretion of the Stewards of the Event. Engines must not be running while a Car is on jacks or other temporary supports.

Unless instructed otherwise by the Race Director in the Briefing, during all Practice and qualifying sessions Cars must be parked at an angle of 45 degrees, nose in towards Pit garages, whenever they are stopped in the Team's Pit Area. When a Car is ready to leave its Pit Area, the Car must be pushed backwards (not reversed under its own power) with a Team Member responsible for ensuring the Car is released safely and without impeding other Cars.

Entrants must not paint Lines on any part of the Pit Lane. No equipment may be left in the Fast lane. A Car may enter or remain in the Fast Lane only with the Driver sitting in the Car behind the steering wheel in his normal position, and under its own power.

Entrants, Team Members and Drivers are responsible for the conduct and safety of their Guests in the Pit Lane area. To this end, it is the responsibility of each Entrant and/or Driver to give a Briefing to each individual Guest regarding Pit Lane safety.

Guests must always carry the correct credentials. Any Guest found in the Pit Lane without the correct pass will be excluded from the Pit Lane and the Entrant will be reported to the Stewards of the Event. No person under the age of 16 is permitted in the Pit Lane at any time.

26.2.2. Refuelling in the Pit Lane

Refuelling in the Pit Lane is not allowed at any time, including during Free Practice(s). Replenishing of lubricants and various fluids, without fuel, is allowed during all sessions and Races.

During any Pit Stop, the Driver is obliged to turn off his engine. For any tuning or regulating, the engine may be started with the help of an auxiliary source of energy. However, when the Car goes to re-join a Race, the Driver must start the engine from his seat, using only those means available on board of the Car can only be restarted when the four wheels are lowered on the ground. Infraction will lead to 5 seconds Stop and Go penalty with a mandatory engine stop.

26.2.3. Maximum speed in the Pit lane

The maximum speed in the Pit Lane during Free Practice, qualifying and Race is specified by the Series Organiser in the Supplementary Regulations and monitored by the Race Director. Unless otherwise indicated in the Supplementary Regulations, the maximum speed in the Pit Lane is 60 km/h.

The responsibility shall be on all Drivers to take due care and drive within the Pit Lane speed limit.

During practice and qualifying any driver who exceeds the limit can be penalized with a warning or more.

Drivers who repeatedly exceed the permitted maximum speed in the pit lane during free practice and qualifying may face additional penalties for speed limit violation.

During the race, any Driver who exceeds the above speed limit will be penalized by a drive-through penalty.

26.3. Pitlane infringements

Any breach of the provisions of the Code or these Sporting Regulations relating to the pit lane regulations will result in penalties applied by the Race Director and/or Stewards of the Event during or after the session. Severe infringements, especially with regards to the safety of people in the pitlane, might result in the disqualification of the Car and Driver concerned from the Event by the Stewards of the Event.
